## Additional In Service Day – June 2009

Dear Parent,

You may already know that, at the request of the Scottish Government, West Lothian has added an additional In Service Day for staff on **Monday 15 June 2009**.

The purpose of this additional day is to allow staff to undertake developments in relation to the implementation of A Curriculum for Excellence. This is a national initiative which will have a significant effect on your child's education over the next few years. An additional In Service Day has already been allocated in October of next session for this purpose and you will be given further information on this in August.

**The school will, therefore, be closed for pupils on Monday 15 June and will re-open as normal on Tuesday 16 June.**

Yours sincerely,

Graham Johnstone  
Head Teacher
